## **State Testing**

Grade 3- BOG Reading Test is administered at the beginning of the year and serves as baseline data to establish student growth in reading included in the states' accountability model.

The Read to Achieve program for 3<sup>rd</sup> graders requires students to reach proficiency in 3<sup>rd</sup> grade reading standards by the end of their 3<sup>rd</sup> grade year. The students have several opportunities to demonstrate proficiency including; 3<sup>rd</sup> Grade BOG, EOG, Read to Achieve Spring, Reading to Achieve Summer, MAP Testing and 4<sup>th</sup> Grade Read to Achieve Fall.

Grades 3-8 EOG Reading and Math, Science 5 and 8 tests are administered in the last 10 days of school to measure grade level proficiency based on state standards. Included in the states' accountability model proficiency and growth is the NC Extend 1 test results for students that are tested in the Extended Content standards.

## **Local Testing**

The Learning Center uses MAP (Measures of Academic Progress) Testing developed by NWEA to monitor and track growth three times a year. MAP Testing is also used as an alternate assessment to prove proficiency for the 3<sup>rd</sup> grade students.
